CareerVision

Project Topic Presentation Group F

Daniel Rüdiger, Anton Averianov, Chingiz Kuanyshbay, Maciej Lubinski

CareerVision will find the best job for you

Problem

In-transparent job market

Split platforms

Millions of job offers

Difficult re-orientation

Solution

Increase transparency

Unite job-platforms

Narrow down job offers

Support re-orientation

- Career professionals looking to transition
- Searching for well matching job offers
- Explore new job opportunities

CareerVision Features

CV Upload
Upload your CV to be analysed and matched with fitting job offers.
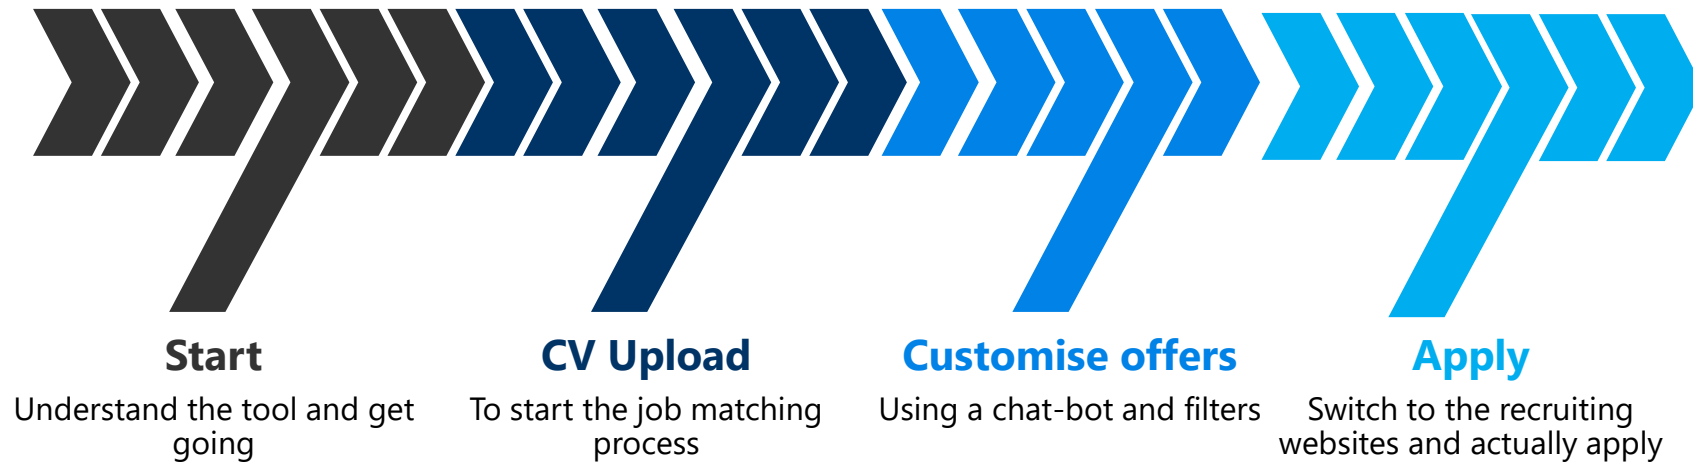

Tailored Job Offers
Received filtered and matching job offers from all web-sources in one place.
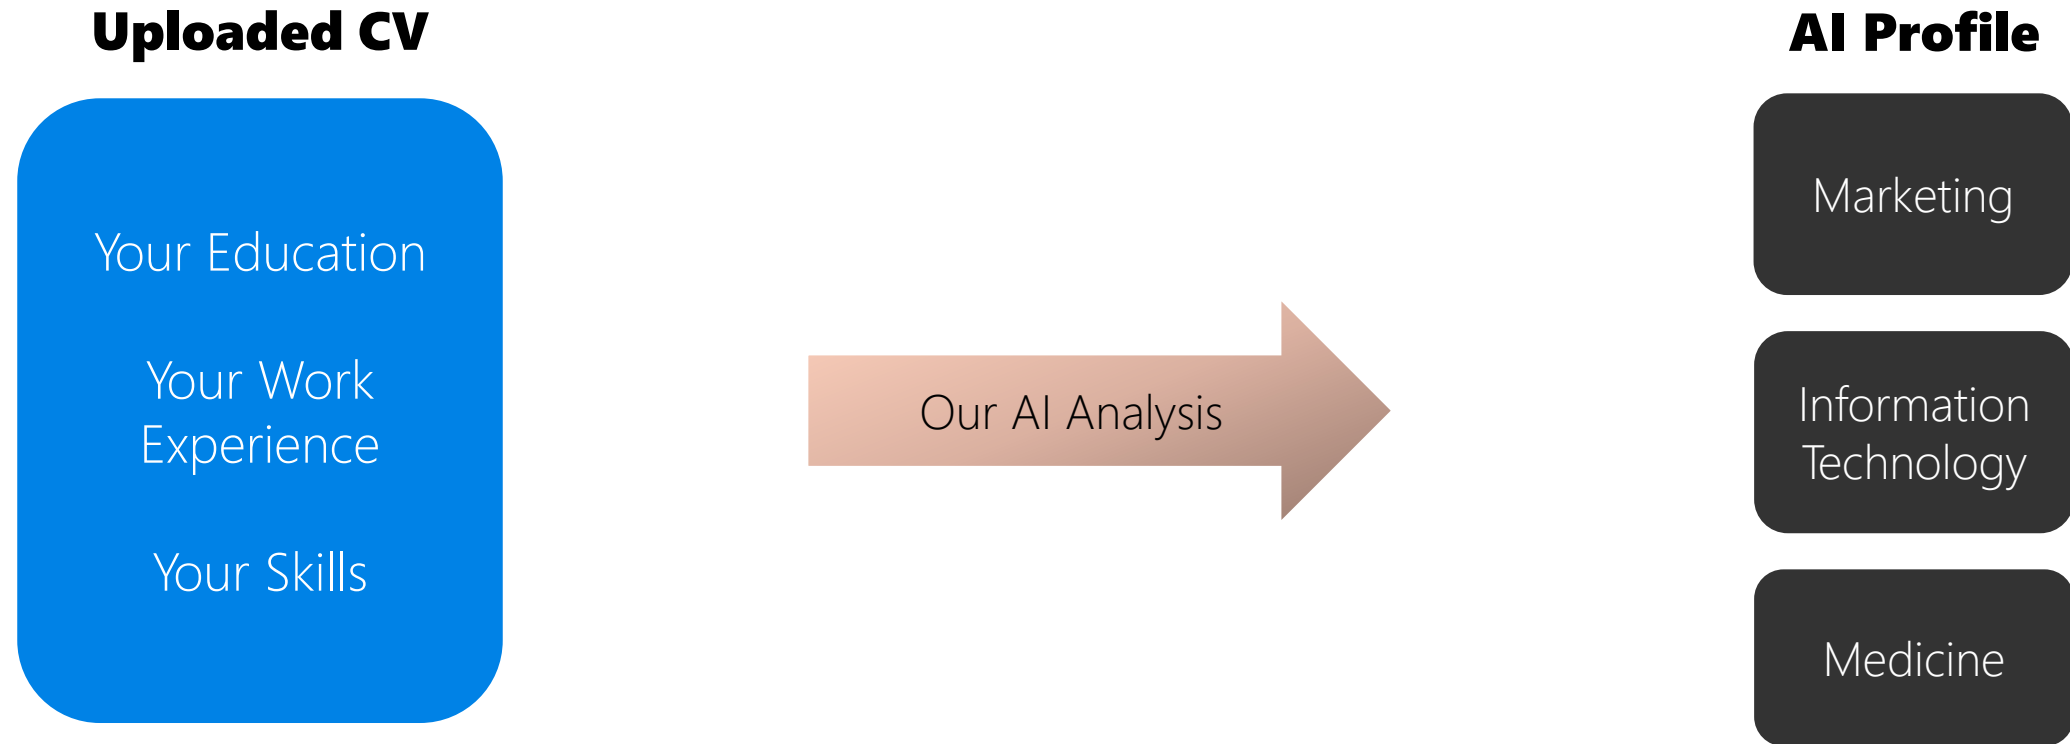

Assistant Chatbot
Customise and job offers based on your professional development need.

Explaining the user journey through a figma mockup

Start
Understand the tool and get going

CV Upload
To start the job matching process

Customise offers
Using a chat-bot and filters

Apply
Switch to the recruiting websites and actually apply
